The many friends of Mr. George A. Klingler, of 1245 Massachusetts Avenue, Arlington, are offering their felicitations on the occasion of his eightieth birthday which he celebrated on Friday February 4th.

One of Arlington's older resident, he has resided here since the age of one year. He erected the house at the corner known as "the foot of the rocks" when he was married in 1899. He was one of the town's call firemen for Arlington from 1896 to 1910.

He is now a trustee of the church, and has rarely missed a Sunday service. For many years engaged in the wholesale grocery business he retired about ten years ago. Mrs. Klingler died ten years ago.

In honor of his birthday, his daughter, Mrs. John E. Ronbeck, who resides at the same address, planned a family birthday dinner party for her father which took place last Sunday.

# Archbishop Cushing Advises Delay In Building School

# Betrothed

Announcement is made by Mr. and Mrs. Manuel Neves, of 88 Oxford Street, of the engagement of their daughter Norma Claire, to Victor F. Simeone, son of Mrs. Anna Simeone, of Somerville. A June wedding is planned.

Archbishop Richard J. Cushing at his recent visit to St. James Parish speaking at all masses on Sunday January 30, stated that he is in favor of plans for the erection of a new elementary school, but also stated that he advised a delay at this time, in view of the current high cost of building, and questioned the wisdom of placing too great a financial burden on the shoulders of the parishioners of St. James at this time.

In reviewing some of the Catholic charities which he has sponsored since succeeding the late Cardinal O'Connell, he singled out the rebuilding of the Carney Hospital as a current major project.

At the masses, Archbishop Cushing assisted the priest of the parish in administering Holy Communion, addressing the children of the parish informally following the early mass.

## "By Men's Deeds Ye Shall Know Them"

In the coming elections, especially for selectman, the activity and interest of the candidates in town affairs certainly should be the all important issue. A comparison of the record of George A. Harris with that of his opponent clearly illustrates this point, definitely indicating which of these two men has demonstrated his interest in the welfare of this town and its citizens.

There are probably few, if any Town Meeting members who have so ably and consistently appeared on the Town Meeting floor. Furthermore, there are few, if any, of the Town Meeting Members so diligently active as members of various Town Committees, working for the good of the town, for the welfare of its people for the saving of town, funds, and the ultimate lowering of the tax rate.

Those of our 43,550 population who are of voting age, should bear this record in mind when they go to the polls on March seventh.

# Town Faces Hottest Campaign In History With Many Contests

## Eight Major Battles Looming For Top Town Positions With Lively Bids From Precincts

Arlington is right now in the midst of its hottest campaign for years, with eight major battles raging for the top town offices, and with lively contests for town meeting membership in most of fourteen precincts.

With Harold A. Cahalin, chairman of the present Board of Selectmen, declining to run for re-election, George A. Harris and Marcus L. Sorensen are out to win the three year term for that office.

Another lively contest is in the making that of James J. Golden, executive secretary of the Board, by appointment as town clerk, of Selectmen, who has been serving following the death of Town Clerk Earl Ryder, as against Francis J. Higgins, a last minute runner.

Thomas J. O'Neill, chairman of the Board of Public Works is up for reelection, and opposing him are Cornelius J. Brosnan, another late filer and Thomas R. Rawson.

There are five entries in the field for the three berths on the School Committee. School Committeeman Joseph J. Bevins is seeking reelection, and also looking for berths are Carl F. Allen, Francis W. Callahan, Paul C. Griffin and Mrs. Mary E. Porteus.

Taking out nomination papers to succeed himself on the Planning Board, is Herbert M. Dutcher, while John J. Adamian and Charles J. Daley, Jr., are also aspirants for one of the two positions to be filled on the Board.

A heated contest is developing for the Board of Health, with John S. Crosby aspiring for reelection and John R. O'Donnell also running as a candidate.

Filing nominations papers for reelection as Library Trustees, are Wilson D. Clak, Jr., and Mark W. Bradford, with Frederick S. Glynn opposing them.

The remaining contest is for the Arlington Housing Authority with eight in the field for the four

berths. This is a five man Board, with the fifth member to be appointed by the State. W. Dale Barker, Myron D. Chase, Harold Magnuson and Hans Tobiasson, who were appointed the past year, to serve until the coming election, are all candidates, and also trying for the Authority are John D. Craig, Edward J. Doherty, John H. Shea and Joseph S. Vahey. It is planned that the candidate polling the largest number of votes shall be elected to the five year term, the next highest, to the four year term, the third highest, to the two year term, and the fourth highest to the one year term. The State appointed member will be the three year term man.

Being the sole candidate to file papers for chairman of the Board of Assessors, William O. Hauser, the present occupant of the position, will have no opposition.

Mrs. Therese N. Turner, the present member of the Arlington School Committee did not file papers for reelection, and only five remain in the battle for that position. They are Mrs. Mae Porteus, Joseph J. Bevins, chairman of the committee seeking reelection, Carl F. Allen, Francis W. Callahan and Paul C. Griffin.

Edward D. Buckley, taking out papers for reelection to the Park Commission, will be unopposed.

the members of the studio audience who was given an opportunity to guess the name of the person described in the jingle, and when she correctly identified the mystery name as that of Judge T. Allen

Goldborough, she became the winner of the following G E appliances: a wringer washer, a rotary ironer, a sandwich grill, an electric alarm clock, a foot warmer, and a coffee maker.

Emcee Stan Shaw gives both listeners at home and his studio audience a chance to answer the "tea chest jingle." The "Boston Tea Party" is heard Monday through Friday over WCOP and WCOPFM from 1:30 to 2:30 p. m. with GE appliances given to all who participate in the show.

## **Unitarian Evening Alliance To Hear Dr. Raymond Bragg**

On Wednesday evening, Feb. 2nd, the Evening Alliance of the First Parish Unitarian Church of Arlington, held a regular meeting at the home of the president, Miss Redmond, of 40 Palmer Street. Scrapbooks for hospital and articles for the coming fair were made. Miss Redmond served delicious refreshments at the conclusion of the social service meeting.

It was announced that the social and Evening Alliance branches would have as their speaker on Wednesday, evening February 16, at the church, Dr. Raymond B. Bragg, executive director of the Unitarian Service Committee. All interested members of other churches, are cordially invited to attend this meeting. While the work handled by the Unitarian Service committee was

originally a Unitarian project only, other churches have cooperated in the worthwhile work of the Alliance.

# Junior High PTA Protest In Closing Of School Building

At a recent meeting last week attended by more than 200 par-  
ents sponsored by the Junior High  
Centre PTA, it was voted that  
this school building be retained as  
a school, serving the 7, 8, and 9th  
grade students. It had been plan-  
ned to discontinue the use of the  
school because of the small en-  
rollment there.

A special meeting was request-  
ed of the school committee to as-

certain the position in the matter,  
on or before February 10. This  
date was set in order that the  
special building committee might  
then go ahead with their plans for  
the proposed addition, and confer  
with the finance committee on  
the matter. An article has already  
been inserted in the town warrant  
requesting an appropriation for  
the building of a gymnasium at  
the school.

# Vets May Reinstate Lapsed Insurance

The Veterans Administration  
today reminded local veterans  
that they may reinstate lapsed  
National Service Life Insurance  
term policies without a physical  
examination, if the policies have  
been lapsed for less than three  
months.

According to Walter V. Robin-  
son, insurance officer for the  
Boston VA Regional Office, these  
veterans need only complete the  
VA application form and forward  
it to the VA with two monthly  
premiums when reinstating term  
insurance—one in payment for the  
30-day grace period after the last  
regular premium payment, and  
the other for the month during  
which reinstatement is made. In  
reinstating permanent policies all

overdue premiums must be paid.  
Reinstatement applications must  
be mailed within five days after  
they are completed, as the applica-  
tion includes a statement that the  
veteran's health is as good as it  
was when the policy lapsed, hence  
the application is not valid if it  
does not reach the VA within five  
days.

If the term NSLI policy has  
been lapsed for more than three  
months, a physical examination is  
required. Veterans may be so ex-  
amined free of charge at a VA  
outpatient clinic. Additional in-  
formation and assistance in com-  
pletion of VA Forms can be had  
at the Veterans Administration  
Contact Office, 57 Inman St.,  
Cambridge, Mass. daily.

# Hadassah Conducts Youth Aliyah Night

The hall of the Arlington  
Academy of Music was filled to  
capacity Tuesday evening, Feb-  
ruary 1st, when the Arlington  
Chapter of Hadassah entertained  
as their guests the Women's  
Groups of the Baptist and Univer-  
alist Churches.

Mrs. Samuel Doctoroff, presi-  
dent, after greeting the members  
and guests, explained briefly the  
work of Hadassah, the women's  
Zionist Organization of America,  
founded in 1912 by Henrietta sold  
an American born woman. One of  
the important projects of Hadassah

is the Youth Aliyah movement  
which takes care of the Jewish  
orphans brought from Europe and  
other lands into Israel.

Highlight of the evening was  
the showing of the film "Tomor-  
row Is A Wonderful Day", the  
story of the rehabilitation in  
Israel of a Jewish boy, the only  
one in his family to escape exter-  
mination in Europe.

Hostesses at the meeting were  
Mrs. Louis Doctoroff, Mrs. Isaac  
Sholkin, Mrs. Myer Berman,  
Mrs. Arthur Atkins, Mrs. Hyman  
Garber, Mrs. Charles Kellum and  
Mrs. Max Gerber.

Company.

Mrs. Lucas is one of two gradu-  
ates of the renowned school in

Paris, who is entitled to award  
Cordon Bleu diplomas in her own  
right. The series in Boston will  
constitute her only appearance  
this year outside of her regular  
activities in connection with her  
restaurant in New York City, her  
classes there, and her popular  
weekly programs on television.

Arlington housewives are ex-  
tended a cordial invitation to at-

the Town Hall.

The program will be a most in-  
teresting one, with the local  
clergy represented, a musical pro-

gram, with community singing,

Many local organizations have  
already registered for the obser-  
vance. The executive committee  
includes Rev. Robert M. Rice,

## Citizens Committee Gives Large Plurality To O'Neill

A well earned popular endorsement of Tom O'Neill for reelection to the Board of Public Works was given by the Citizens Committee with the overwhelming odds of 89 to 4. It proves that our citizens are awake to the debt it owes "Honest Tom O'Neill for the splendid job he has done as the present Chairman of the Board of Public Works."

Tom has been a resident of the town for thirty years, making his home at 615 Summer Street with his wife and daughter. He is a successful business man conducting a wholesale garden supply business at Beck Road, Forest Street, and Ryder Street. (This may account for his shrewd buying by which he has saved the tax payers plenty). He is active in many organizations including the Kiwanis, Elks, K. of C., Chamber of Commerce, Massachusetts Farm Bureau Association, The 99 Club of Boston, St. James Parish Holy Name Society. He is a veteran of World War I.

Only by the perusal of the Annual Town Report can one get a full picture of the remarkable accomplishments of the Board of Public Works under his Chairmanship. But to mention a few striking examples of efficiency, economy, fair sightedness, and courage. A catch basin cleaner was purchased slicing the cost of \$13,000 last year to \$6000. This year (That's \$7000. cold tax dollars saved). The welding costs for the first six months last year were \$2000. A welding machine was purchased and in the last six months there has been NO cost for welding. (Why not done years ago?) The cost of snow removal and sanding in the winter of 1947-1948 was the staggering sum of \$103,495.87. This winter to Feb. 1, it was \$17,250.68. We know there was more snow last year, but snow is snow and is measured per inch of removal just the same. Last winter it cost an average of \$845. per inch for snow removal and sanding, while this year it

cost only \$650. per inch.

Well instead of giving each truck load of snow a pleasure ride from the far distant points of the Town to ONE final resting place near the corner of Summer Street and Mystic Street, a half dozen or more convenient locations were designated in VARIOUS parts of the Town, to dispose of the loads quickly at a minimum of travel for EVERY truck.

(Common sense, eh?) Don't try to figure what this would average over the last several years. It will give you a headache and heart ache, and build up considerable blood pressure. And wasn't it lovely to get up in the morning and see the SIDEWALKS plowed? How many hundreds of parents of our school children do you suppose poured out their heartfelt thanks for this innovation. No longer did we see our youngsters forced to the streets to navigate the dangerous hazards of the traffic lanes. We can thank their agility and the hand of God that they were not injured by passing trucks, cars or busses. The cost of this convenient and safeguard to us all was negligible. Now for just another item or two. In 1947 only 2048 feet of granolithic sidewalks were done, to 4389 feet in 1948, 6645 feet; water mains 1947 3907 feet, in 1948; granite curb—1947, 2104 feet to 3523 feet in 1948; sewer mains 1947, 5821 feet,—1948, 6645 feet; water mains—1947 3907 feet; 1948, 8936 feet; storm drains mains, 1947, 3955,—1948, 4429. All this with no extra men hired on the Board's payroll. Fact is—the Board RETURNED to the Town Treasury in UNEXPENDED BALANCES a total of \$21,648.68 and balances on hand carried forward \$57,900.55. AND NOT ONCE has Tom O'Neill and his colleagues asked for ADDITIONAL appropriations. For the first time since they W. P. A. days has the town put in any of its own sidewalks. A crew of our own loyal able, satisfied (no favorites now) employees were trained and presto the costs were slashed so much that the above additional thousands of feet were completed with in the costs of the small footage of previous years. So successful has been the experiment that the present members of the Board of Public Works intend to do all sidewalks, curbing and streets with our OWN men and our OWN equipment, which will be even a greater savings for all tax payers and abutters.

### Pre School PTA

The pre school P. T. A. groups of the Hardy and Crosby schools held a joint session at the Hardy School on Tuesday evening, February 8, at eight o'clock. The guest speaker was Miss Helen M. Heffernan, R. N., who gave a most interesting talk, taking as her subject, "Home Care for A Sick Child."

The guest speaker is public health nurse of Arlington, as well as instructor of a class in public health at the Boston College Graduate School. Mrs. Samuel R. Carlisle, was in the chair, with Mrs. Joseph Coppinger in charge of refreshments. Mrs. Howard Whitehouse heads the guest group comprising the Crosby pre school mothers.

Amateur archaeologists of Arlington were invited today to assist in a long range project which may complete the half known story of pre historic Indian life in this section.

Chairman J. Alfred Mansfield of the Charles C. Willoughby Chapter of the Massachusetts Archaeological Society asked interested persons to send information as to places where stone implements, arrowheads or pottery have been found. Any such facts received will be used in the development of a master map of ancient and modern Indian trails, meeting places and villages.

It was announced that the next meeting of the chapter will be held at Coye's Radio and Hobby Shop, 68 Main Street, Waltham, Saturday, Feb. 19 at 7:30 p. m. Amateur or professional archaeologists from Arlington and nearby are asked to notify the chapter in advance if they wish to attend this meeting. Letters should go to Chairman Mansfield at his home, 396 Charles River Road, Water town.

Preparations for a new scientific excavation next Spring moved nearer completion at a recent chapter meeting (Sat. Jan. 22.) at the home of Secretary Benjamin L. Smith, 64 Sudbury Road, Concord. Smith also is President of

the State Society. Chapter treasurer is Harry C. Rice, Water Row, Sudbury (mail address Maynard).

Members currently are working on the final report on their most recent dig, project M 23,26 in Sudbury, where an Indian village site was found. Through completing the report it is hoped to gain training for the spring dig and clean up loose ends of work interrupted by the war in 1941.

A preliminary report on the Sudbury excavation, where a hogan floor and various levels of aboriginal occupation were found, was published by a chapter member, Dr. Hiram L. Movius Jr., of Cambridge, a professional archaeologist at Peabody Museum, Harvard University.

Smith reported at the December meeting that he and George Bates of Concord had put in 15 hours identifying and classifying arrow head chips from several levels. This work is about half done. A set of named types of stone, for use in identifying materials used for tools by the Indians, has been completed for the use of chapter members.

An agreement has been prepared, to be signed by relic hunters, for the protection of the rights of any property owner who might permit the society to investigate evidence of Indian occupation on his land.

FROM ELECTRIC LIGHT... TO ELECTRONIC SIGHT

## His genius still shows the way!

Add another to the long list of modern miracles made possible by the genius of Thomas Alva Edison. His inventions gave the world not only electric light, but also the phonograph... the motion picture camera... the radio microphone... and home electric service. Each of these in turn contributed to the creation of the miracle of electronic sight — television!

Your Boston Edison Company — this month marking its sixty-third anniversary of service — honors today the 102nd anniversary of the birthday of this great American whose God-given talents enriched the world.

Edison's invention of the incandescent lamp was the first step that led to the electronic development of today's cathode ray tube, heart of every television set!

### Arlington Takes G. B. I. Ice Crown

the first school since 1932 to win the Greater Boston Intercollegiate Hockey league title three consecutive years, when its talented sextet skated over a stubborn Belmont high team, four to two, on Saturday afternoon, at the Boston Arena, in the presence of more than three thousand fans.

**LEARY STANDOUT**

The shining light of Arlington's extension of its monopoly on the League title, was Center Bill Leary who came up with two unassisted tallies, the second of which occurred with less than two minutes to play, to put the game and league crown on ice.

Belmont refused to fade under this barrage, however, and Jack Janoni belted in a closeup rebound to keep his team within one goal of the leader as the first period ended.

The second period produced no scoring and was strictly a battle of goal tenders. The final tally assured Arlington of being the first team to win the G. B. I. title three times consecutively since Melrose turned the trick sixteen years ago. Arlington still has one game to play, but it is mathematically impossible for the second place Melrose to overtake it.

### WCOP Sports Show Comes To Arlington

Arlington is another of the schools being visited by the WCOP Sportscaster in a series of broadcasts originating from Greater Boston High Schools.

The full flavor of the high school sports scene is brought to the show as Crosby takes his microphone to the various schools for on the spot shows.

### Francis J. Higgins Launches Vigorous And Aggressive Campaign For Town Clerk

LETTER TO EDITOR:

An early American writer once referred to the New England Town form of government as a soundly constructed wheel, the solidly built hub comprising the town offices and their personnel, the Town meeting Members the spokes fanning out from formal government to the rim, or the people, but only turning and properly functioning if on a true and efficient bearing, the Town Clerk.

This analogy impressed me in a passing way long before I contemplated seeking the office of Town Clerk. After deliberate consideration, long weighing the circumstances attendant thereon, both public and personal, self examination of powers possessed and realization of power needed for the position, discussion of the same with citizens from every strata and every section of our Town, and literally living with the analogy, I have determined to seek this important post. This decision was to a lesser extent my own, to a greater extent that of hundreds of my friends, all citizens and voters of our Town.

To return to the analogy, I herewith set forth my background and qualifications which, in my humble opinion, are adequate and sufficient 'to make that wheel turn'.

Let me hasten to say that I in no sense advance the premise that the Town Clerk "runs the town" or that I in that office would qualify or seek to run the town" or that I in that office would the town. I realize that analogies do all figures of speech, generally state the broad axiom from which the exceptions hang as so many entangling threads, and I wish neither to entangle nor to become entangled. I merely attempt to gauge the importance of the position and humbly and honestly offer myself, possessing the requisites, as willing, able and desirous of performing the functions.

After a typically normal American childhood and its vicissitudes of school, work, play and just tory school and college, followed "growing up". I attended preparatory by two years of legal training and then entered the business world. While in business I was enabled my business education, pursuing courses in business administration office management and kindred subjects at the Harvard School of Business Administration and Boston University.

By profession I am an Insurance Counsellor, which necessitate not only an encompassing knowledge of all phases of insurance, the legal import of insurance law, and the interpretation of rulings and statutes, but the ability and facility of dealing with all manner of peoples, and situations; the constant appraisal of facts, application of experience, and rendering of consequent decisions.

With the intervention of the war I was able to offer for five years what talents to the War Department, and successfully set up and organized a system of office management for the Ordnance with which I was associated, whereby an efficiently working and workable control was exercised over thousands of parts and personnel. This system was adopted by most of the Divisions in New England. To anyone familiar with the multitudinous ramifications of an Ordnance Division, the countless phases of such control phases of such control are immediately apparent. Though a civilian employee, I was commended by the military for this achievement.

In the meanwhile, coming down this not unusual, yet not uneventful way of life, I have attained the age of thirty eight years, a loving wife, and four children, three of whom attend the Arlington schools; served as Town Meeting Member three years, School Committeeman for two years, and have managed to find time to actively engage in numerous civic, church, fraternal and club affairs.

I humbly point out what must be viewed with some degree of pride by friends that believed in me and my candidacy, that two years ago as a candidate for School Committeeman, without the support or endorsement of any organized group, I was elected, receiving approximately four thousand votes, in a year in which the vote was considered "light", there being only sixty nine hundred ballots cast in the entire election.

Hence, I feel that my qualifications for the office of Town Clerk are based on sound and more than adequate formal education, confirmed by active experience that is strikingly comparable to that necessary for the office, a personality and demeanor aptly fitting an office constantly demanding personal contact with the public, and a business broadening and outlook so necessary to modern, present day government, and the diversified problems pertaining thereto.

Thank you for your courtesy,

Very truly yours,

Francis J. Higgins

Arlington Housing Authority Gets "Green Light" For Its Veterans Housing Development

The "green light" for actual construction of its veterans housing development, consisting of 124 garden type apartment units, has been finally obtained by the Arlington Housing Authority in the approval of its contract for financial assistance by the Chairman of the State Housing Board. This turning point in the Housing Authority's pressing race against time and persistent offensive through legal formalities, preparation of documents, estimates, view possible building sites, appraisals, architectural drawings and plans, engineering surveys, soil tests, arranging for public utility facilities, rezoning, and countless negotiations and conferences marks the culmination of months of quiet, constant and patient effort by its five present members.

Consummation of the contract for financial assistance now makes

available to the Arlington Housing Authority through the State Guarantee the necessary 1,600,000. It empowers the Authority to translate into physical reality its carefully conceived plans and ideas for desirable and attractive homes at rents which veterans can afford to pay and which will be an asset rather than a liability to the Town now and in the future.

Breaking of ground for construction will begin as soon as weather permits and the placing of building contracts is completed.

In order to verify its analysis of the extent and character of the need for veterans housing, the Housing Authority early invited veterans and their dependents to additional questionnaires and data.

The first phase of its task, including selection of a building site and determination of the type of construction was achieved by the

Arlington Housing Authority by the preparation and filing on Sept. 22, 1948 of Part I of its application for financial assistance. No reply was received from the State Housing Board until October 25, October 25, 1948 when its approval and furnishing of the forms for Part II of the Application for financial Assistance enabled the Arlington Housing Authority to proceed with additional detailed plans and cost computations Part II was filed with the State Housing Board on December 27, 1948.
